

**COLDBREAK®**

— PREMIUM JOCKEY BOXES —

**PERFECT POUR | PEACE OF MIND | EVERY SINGLE TIME**

## SINCE 2007

---

COLDBREAK® has been driven by the fundamental principle: “We can make it better.” Answering the industry’s demands for a better jockey box, we built it.

Regardless of what beverage of choice is flowing through your lines to our taps, our jockey boxes are built to deliver a perfect pour and peace of mind—every single time.

We’re part of an industry that takes great pride in everything it produces. We create equipment that respects that pride. Our premium jockey boxes are designed to respond to the needs of the modern beverage brand with thoughtful touches and attention to detail that regularly earn the response from marketing director to festival bartender, “Damn! They’ve really thought of everything.”

## WHAT'S IN THE BOX?

### **Stainless Steel Bartender Edition**

Inputs on bartender's faucet side for clean look for approaching patrons

### **Stainless Steel Pass-Through Edition**

Inputs on back side for easy self-service and inconspicuous keg storage

- ▶ 50' stainless steel coils per every draft line (2 or 4 taps)
- ▶ Stainless steel faucets, inputs, and hardware
- ▶ Extended faucet shanks for full range of motion of larger tap handles
- ▶ Reinforced hinges, durable handles, and barrier-free drain plug
- ▶ Additional accessories and replacement parts when you need 'em
- ▶ Did we say, "Peace of mind?" Oh, we did?

## IT'S A WRAP

---

Our flagship stainless steel boxes are almost too pretty. The only way you'll get more compliments is when we vinyl-wrap them in your company's own custom branding, creating a cohesive look and feel that guests will absolutely recognize and appreciate. Fair warning though: it's going to make all those other plain red and blue coolers really jealous.

## BULK UP

Whether you need five, 50, or 500, we have the capacity to handle requests on a mass scale, and can drop ship anywhere in the world. The catch: we're probably going to come visit and crash the party for a couple cold ones.

## WE LOVE YOU, TOO

Hailing from Grand Rapids, MI has taught us a thing or two about what it means to build a product that brands don't just want, but equipment they need to *rely on*. We're enthusiasts as much as you and your customers. As members of multiple industry and state guilds, we don't just talk the talk—we're in the trenches *with you*. We have and will continue to go out of our way for you because what's in your glass is worth it to us.

## FIRST ROUND'S ON US

See something you like? Have a question about how anything works? Our website provides information and resources to equip you with everything you'll need from proper care and cleaning tips to what to expect when ordering from day one to delivery. Invite us into the conversation, and we'll take care of the rest.
